**SPECIAL
OFFER**

Pre-Populated RCBO Consumer Units With Type 2 Surge Protection Pre-installed

A comprehensive consumer unit range comprising a 100A DP main switch with overload and residual current protection provided on each individual final circuit by RCBOs. Distributing final circuits across individual RCBOs provides the best approach to fully meeting the requirements of BS7671.

- Selection of Square knockouts for mini trunking and conduits.
- PRO Consumer Units now with wrap around front cover provides a clean and un-obtrusive finish
- Pre-populated Consumer Units offering the complete solution, including Type 2 Surge Protection*
